The pursuit of great quality and attractive vision is carried out by modern design. It is simple but elegant and full, graceful but detailed. A great combination of life and art is presented here.

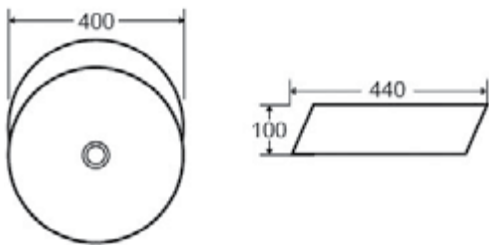

This is a breakthrough of traditional design. The basin forms a 75 degree angle with the counter to break the space balance.

# COUNTER TOP & COUNTER SEMI BASIN

The sundries holder is practical and makes life more convenient

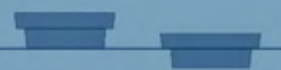

The edge is 5 mm higher; it is functional as well as beautiful

3mm

The extreme thin edge of 3 mm comes from difficult shaping technics

It is scientifically designed. The height of the basin can be adjusted according to the height of the counter or personal using
