# TOILETS

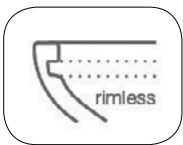

# BEST BM TOILET'S FEATURES

The route of excellence

### DUAL FLUSH WATER OUTLET

The design of 3/4.5 L dual flush water outlet not only ensures the thorough cleaning, but also water-saving.

### RIMLESS TOILET

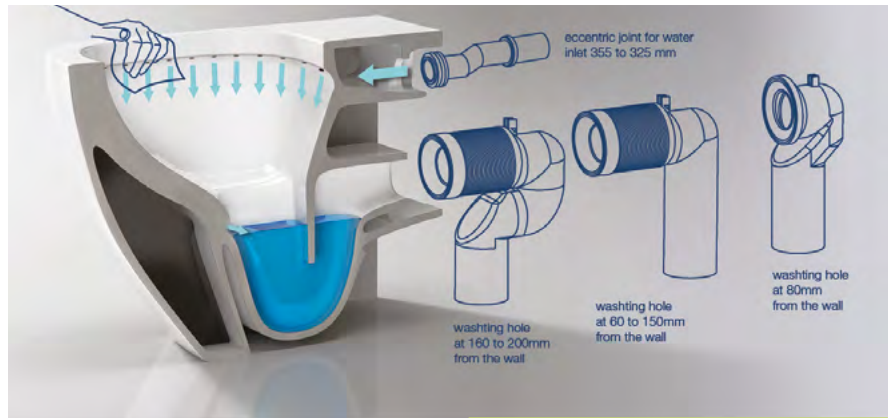

Traditional flush rims attract germs, dirt and deposits. BEST

BM Rimless Toilet is designed entirely without a flush rim. Therefore, there are no hidden, hard-to-reach places where bacteria can build up and odor can develop.

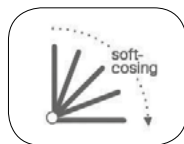

### EASY-TO-CLEAN GLAZING

The surface of porcelain glaze is so greatly smooth that is easy to

## WASH DOWN

clean and has no hidden, hard-to-reach places where bacteria can build up.

### MUTE SLOW-DOWN SEAT COVER

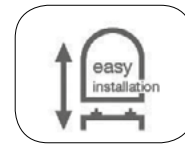

Damper is installed which can reduce the noise of collision when the seat cover is closed.

### WHOLE-SEWER GLAZING

The inner surface of trapway is

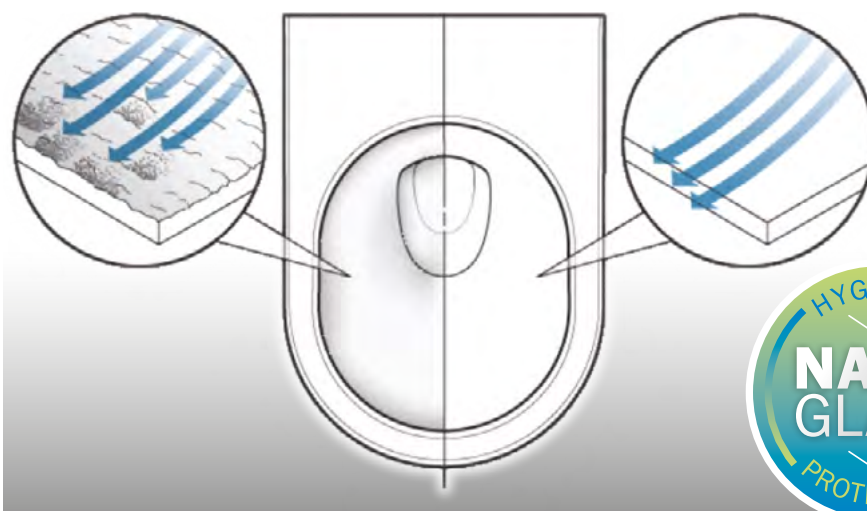

completely glazed so that the trapway is smooth and nowhere for dirt to hide, and hence no blocking anymore.

### EASY ASSEMBLY & DISASSEMBLY

The design of easy assembly & disassembly is excellent. A slight twist can ensure the easy cleaning of the toilet.

## NANO GLAZING SURFACE

Nanoglaze is a useful innovation designed to keep your toilet cleaner for longer and helping it to keep the bright white look all new toilets have.

It is special anti-bacterial coating applied to the glaze during the production process.

It closes up the tiny microscopic pores in the ceramic and makes it harder for dirt and rime to take hold. A quick wipe leaves the ceramic sparkling and free from dirt and bacteria.

# BEST BM RIMLESS

In addition to design, hygiene and ease of cleaning are also decisive factors when choosing ceramic toilet suites. Traditional flush rims attract germs, dirt and deposits. BEST BM Rimless Toilet is designed entirely without a flush rim.

There are therefore no hidden, hard-to-reach places where bacteria can build up and odor can develop.

Because BEST BM Rimless Toilet is much easier to clean, they are

the first choice when it comes to toilet hygiene.

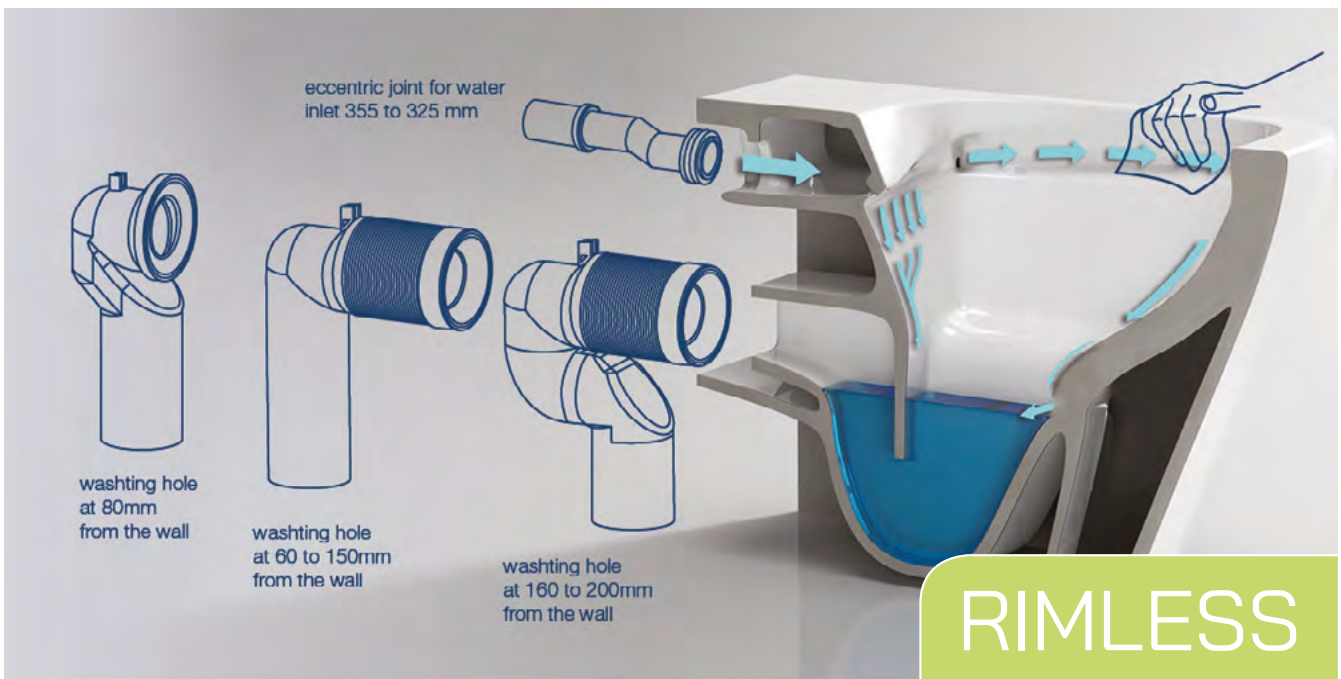

BEST BM Rimless Toilet feature a patented flush technology. A flush guide ensures a hygienically perfect flush every time using less water.

## NO FLUSH RIM

Nowhere for germs to hide. Without a flush rim, there is no hidden hard-to-reach places where germs, bacteria, dirt and deposits can accumulate.

## EASY TO CLEAN

a clean and sparkling ceramic surface with one wipe.

# TORNADO

## FLUSH TECHNOLOGY

### CLEANER

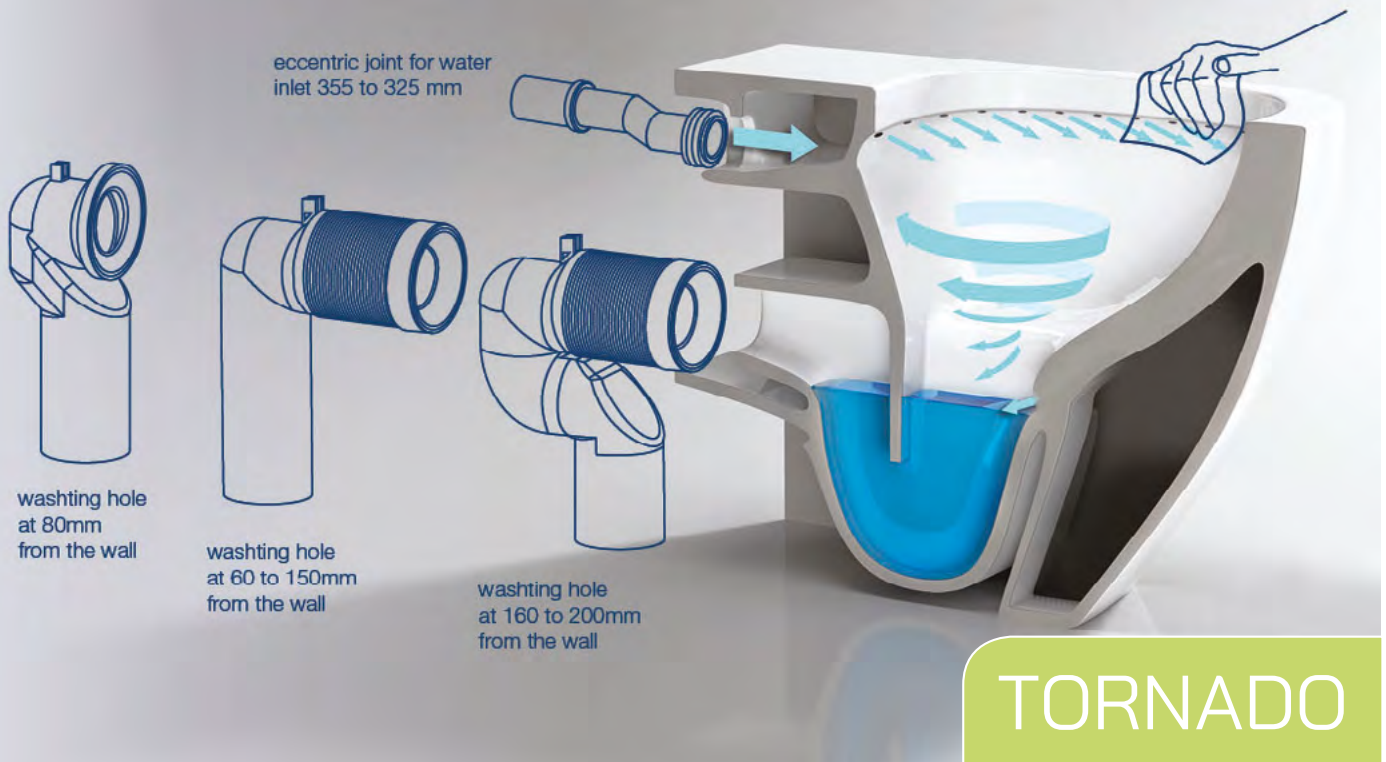

Tornado Technology ensures 95% of the surface area is rinsed clean

### QUITER

Tornado is proven to be up to 25% quieter than our equivalent models

### SMARTER

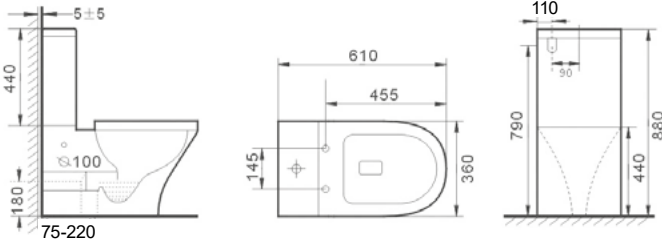

More effective and efficient use of water compared to standard flushes
